

Disaster management workshop was organized for hospital staff (Medical , paramedical , non medical including pharmacy, store, kitchen, engineering, administration employees) on 9 th and 10 th December 2016 at ESIC Model hospital, Andheri, Mumbai. It was organized by Dr. Jayashree Bhale (Specialist Medicine) and Dr. Arun Rathod (Medical Officer) under the guidance of Medical superintendent and deputy superintendent.

It was conducted by expert faculty from Disaster management department, MCGM(Municipal corporation of Greater Mumbai). It was first responder training programme on Disaster management. Aim and objectives of this programme are-

- 1) Sensitization of hospital staff.
- 2) Preparedness towards disaster.
- 3) To train the hospital staff for the same.

It has benefited the hospital staff for improving their knowledge and skills for managing Disaster.

- Protocols and guidelines for Disaster management in hospital setup also discussed during this workshop.
